Monthly Report to Members

Dear Distinguished Members,

It gives me great pleasure to welcome you to the New Year and wishes you a happy and prosperous New Year 2023. 2022 was a challenging year for businesses across the globe. The business landscape was further reconfigured by the unending fuel issue coupled with the Currency Redesigning Policy of the government. Despite these challenges, your association has continued to stand tall in protecting the business while advocating for a better operating environment. The HuCaPAN Monthly Newsletter has served as a veritable tool to reach members and the general public to update you on the activities of the association and projections for the future. We will keep on improving it to serve the objective it was set up for. We appreciate members for their feedback on previous editions. This is helping us to improve the content. Please, take time to read what we were able to achieve in the last month and our preparation to meet members' future needs as we keep repositioning the Association for greater efficiency and membership services in the next year.
